The mission of the **Delaware Healthy Marriage Coalition** is to help those who choose marriage for themselves to acquire the knowledge and skills necessary to achieve and sustain healthy marriages.

We gratefully acknowledge the help and expertise of the **Delaware Helpline** and its staff, without whom this directory would not be possible.

This directory has been prepared to help clergy and others who work with those attempting to achieve or to sustain healthy marriages. It is arranged according to the categories most important to ministers and others who responded to a survey about marriage resources. It is not an exhaustive listing and inclusion does not imply endorsement or accreditation just as omission does not imply disapproval. The **Delaware Ecumenical Council on Children and Families**, the member agencies and organizations of the **Delaware Healthy Marriage Coalition**, and the **Delaware Helpline** are not responsible for the quality of services provided by the agencies and organizations listed here.
